K and D Tully Electrical Contractors
7/50 Montague St, North Wollongong NSW 2500

Has achieved a satisfactory standard and is committed to developing, implementing and maintaining a management system in accordance with AS/NZS 4801:2001.

The Health & Safety Management System is a formal documented system that includes the following elements:

1. A Work Health and Safety policy
2. A program for training workers and ensuring competency
3. A framework for involving workers in the management of health & safety
4. The collection, analysis and reporting of safety performance data
5. The identification of hazards in the workplace
6. The assessment of the risk they pose to people
7. The elimination or control of those risks
8. The evaluation of the effectiveness of the control measures
9. Arrangements for emergency preparation and response
10. Systems for monitoring the effectiveness of health & safety arrangements
11. Systems for monitoring the health of workers
12. Systems for reporting and the investigation of accidents/incidents
13. Controls over documents and records
14. A program of Audits and Inspections with the findings highlighted to management for review to ensure that the system continues to meet objectives and requirements.

The ongoing WH&S commitment includes:

- Health & Safety Policy
- Planning
- Implementation
- Measurement and Evaluation
- Management Review

This Certificate has been issued by Commercial Safety Assurance Pty Ltd which is valid until 23rd February 2022.
